

# MEET THE TEACHER!

## The Basics!

Hi! My name is Jamie Hencmann. This is my fourth year at Southmoor. I will be a kindergarten teacher, and superkids literacy coach for grades K-2. I am thrilled to be at Southmoor! I can't wait to meet you! Join me on this wonderful adventure.

## A little about me...

I was born in Denver, Colorado. When not teaching you can find me playing with my daughters (Nevaeh, age 14 and Hailey, age 7) camping, biking or attending fun family events across Denver. We love the Zoo, Museum and Botanical Gardens. We love to sing and dance.

## My Education!

I attended Metro State College. After college, I taught second grade for one year. The following year I moved to kindergarten where I developed a passion for early childhood education. I truly love my students and treat them as if they were my own. For graduate school, I received a Master's in Curriculum and Instruction from Lesley University with an emphasis in writing.
